The Camden County Family Support Organization (CCFSO) is committed to providing quality support services to the families of Camden County. Due to the Covid-19 pandemic, we have altered our service delivery to ensure that all families and youth receive the services they are entitled to. We want to provide you with services in an environment that is safe for you and your family. At this time, the Family Support Organization of Camden County is giving parents and caregivers the opportunity to choose whether or not you would like to receive in-person Family Support Services or continue Telehealth services over Zoom.

Please choose the type of service you would like to receive:

- I would like to receive Family Support Services from my Family Support Partner through telehealth services.
- I would like to receive Family Support Services by having in-person meetings with my Family Support Partner.
- I would like to receive text messages in addition to phone calls from my Family Support Partner.

I understand that I can change the type of service delivery that I receive at any time throughout the time I am being provided services by the Camden County Family Support Organization.
